BIG BATTLE FOUGHT.

Attack Made on Santiago by Land and Sea.

THE DYNAMITE GUNS USED.

Spanish Fleet in the Harbor Fired on American Troops.

THE RANGE WAS RATHER CLOSE.

After Five Hours of Terrific Fighting the Dons Left Their Trenches and Retired to the City. Rumor That Santiago Is Captured.

Playa del Este, Cuba, July 2.—General Shafter began the attack on Santiago at 7 o'clock Friday morning. Admiral Sampson also took part. General Lawton advanced and took possession of Cubana, a suburb of Santiago.

Morro castle and the other forts at the entrance of the harbor were bombarded by our fleet. The Vesuvius used her dynamite guns with good effect.

The Spanish fleet in the harbor fired on the American troops, who were very close to the city.

The Spanish Retreating. Playa del Este, Cuba, July 2.—At 1 o'clock Friday afternoon, after five hours' terrific fighting, the Spanish began to leave their intrenchments and retreat into the city. Many Americans were wounded and were taken to Siboney. One man had had both arms shot off and was wounded in the hip, but was laughing at the panic among the Dons.

Fighting Continues. Playa del Este, Cuba, July 2.—The fighting continued until dark. Our forces carried the enemy's outer works and have occupied them. The American loss is heavy, some estimates placing it at 500 killed and wounded.

Shafter's Report of Battle. Siboney, Cuba, July 2.—Had a very heavy engagement which lasted from 8 a. m. till sundown. We have carried their outworks and are now in possession of them. There is now about three-quarters of a mile of open between my lines and the city. By morning troops will be entrenched and considerable augmentation of forces will be there. General Lawton's division and General Bates' brigade which have been engaged all day in carrying El Caney, which was accomplished at 4 p. m. Will be in line and in front of Santiago during the night. I regret to say that our casualties will be above 400. Of these not many killed.

SHAFTER. A Diplomatic Rumor. Washington, July 2.—In a high diplomatic quarter it was stated that word had been received indirectly, but in such a manner as to receive credit in this quarter, that the American forces had taken Santiago. There is, of course, no means of verifying this statement, but it is given in view of the fact that the diplomatic sources who credit the report usually are in a position to have accurate information.

Abuse of Red Cross. Near Aguadores, Cuba, July 2.—The Spaniards in the front of General Kent's line have adopted a new method of preventing him from firing on their works. They have strung, at frequent intervals, Red Cross flags, the line being directly in view of their entrenchments. The object of this, it is thought at General Kent's headquarters, is to prevent the Americans from firing in that direction, or if the Red Cross is ignored to spread the idea that the American soldiers are violating the rules of civilized warfare in firing upon hospitals.

Report Discredited. London, July 2.—The dispatch from Madrid saying the Spanish minister of marine has received a message to the effect that Admiral Camara had passed through the Suez canal with his fleet is discredited on all sides here. The officials of the United States embassy say it is known positively that Admiral Camara and his fleet had not entered the Suez canal, and therefore, they point out, it is impossible for his vessels to have traversed the canal.

Limited to Ten. Washington, July 2.—A recent act of congress fixes the number of hospital stewards in the army at 200. Major General Miles has issued an order calling the attention of commanding generals of army corps to the fact, and saying that owing to the number of hospital stewards now on duty outside

of the limits of army corps in the field, 10 only will be available for duty with each army corps, which number the law says can not be exceeded.

Long's Prediction. Washington, July 2.—After the cabinet meeting Secretary Long said that the fleet under Sampson was co-operating to the fullest extent with the land forces, and that he expected great results. He suggested that there were two conditions certain in the Santiago situation. "One is," he said, "we will surely win, and the other that it will come about after hard fighting, but fighting that will tell. Of this we are certain."

SAW A BALLOON. Air Ship Sent Up Over Santiago to Take Observations.

Santiago, Cuba, July 2.—A balloon sent up from the American camp was seen in Santiago on Thursday. In it were two men seemingly taking observations of the Spanish fortifications about Santiago.

About the Balloon. The balloon that is now in active use and sailing over the beleaguered city of Santiago and in plain view of 25,000 Spaniards and 17,000 Americans, was shipped from Tampa with Shafter's forces together with the submarine cables and other field telegraph equipment now being used by the signal corps of the regular army in Cuba.

Mr. W. J. Lloyd, assistant district superintendent of the Western Union Telegraph company, says that it is probably one of the finest and most improved equipments used in warfare. This balloon was shipped from Paris early in May and is being charged with oxygen gas from the tubular reservoirs which have been in use by the army for experiment purposes at Port Riley. The balloon is first charged and then allowed to ascend by means of wire cables from a large reel made fast to a field wagon.

The cable is used as a telegraph and telephone conductor, and the occupants of the balloon transmit to the ground their observations. There is little danger of the balloon being pierced by a rifle shot on account of its constantly swaying condition and the extreme difficulty of hitting anything at an elevation of 2,500 feet, which is the usual limit of a cable reel.

Reinforcements For Shafter. Tampa, Fla., July 2.—The transport Louisiana sailed for Port Tampa last Tuesday bound for Santiago with reinforcements for General Shafter. The Louisiana carried 150 recruits under command of Captain W. H. James for General Shafter's army; the Thirty-second ambulance corps, consisting of 19 privates, one officer, 12 recruits, eight horses, two bell horses, 40 ambulances, 130 pack mules, ten ambulances and 28 packers.

No Peace Negotiations. Madrid, July 2.—Premier Sagasta, in an interview in regard to the peace rumors, said: "They are absurd. I am astonished that any attention is paid to them. There will not be and can not be any discussion in regard to this matter. I affirm this absolutely. The government can not treat for peace now. That action depends on developments, and the government will not act until the proper time."

Some Obstacles. London, July 2.—The Pall Mall Gazette's correspondence in Madrid telegraphs from that city saying that coldness exists between Captain General Blanco and Admiral Cervera, adding that Blanco ordered Cervera to leave Santiago de Cuba and the admiral replied that he would be glad to leave, but his guns were dismantled, he was without coal and the American admiral was waiting outside.

Orders Countermanded. Chattanooga, July 2.—In the midst of the preparations of the First Ohio cavalry to go to Lakeland, Fla., the three moving orders were countermanded by the war department. It is not known when the regiment will leave. It is said here that the government is awaiting the issue of the battle before sending any more troops south.

Manzanillo Bombaraded. New York, July 2.—A correspondent in Santiago de Cuba telegraphs that four United States warships bombarded Manzanillo on the gulf of Guacanaybo, on Thursday, inflicting much damage to the defense of the place. Spanish gunboats, according to this dispatch, open fire upon the American ships, which then moved out of range.

Thornstown, Ind., July 2.—J. Karl Matthews, night operator in charge of the telephone exchange, was found with a bullet through the left lung, and, according to his story, a man, heavily masked and with red hair, entered and fired two shots at him, taking effect as stated. The robber then tore away the pages of the toll book running back to December, and, after securing \$1 in change he made good his escape.

Passed Through the Canal. Madrid, July 2.—According to a dispatch received at the Spanish ministry of marine, Admiral Camara, in command of the Spanish fleet recently at Port Said, Egypt, has passed through the Suez canal, apparently on his way to the Philippine Islands.

Checking Up Payrolls. Chickamauga, Ga., July 2.—The 25 paymasters are engaged with the payrolls sent in by the regimental officers and hope to finish checking them this week. The payment will begin early Monday morning. About 200 recruits arrived.

Saw the Balloon. Washington, July 2.—General Greeley has received the following dispatch from Lieutenant Allen at Siboney: "Saw balloon up near Santiago from flagship of Admiral Sampson, where I was observing it."

Cabinet Meeting. Washington, July 2.—The cabinet was in session for nearly two hours, but took no important action. The session was mainly occupied with a discussion of the news from Santiago.

Spanish Report. Madrid, July 2.—A dispatch to the Imparcial from Santiago de Cuba says four American warships bombarded Manzanillo at 4 a. m. and retired, with one vessel seriously injured.

Aguinaldo's Promise. London, July 2.—A representative of General Aguinaldo, the leader of the Philippine insurgents, who served with him during the last insurrection, and who is now in London, is quoted in an interview as saying that before Aguinaldo left Hongkong he promised Rear Admiral Dewey (then commodore) not to enter Manila until the arrival of the American troops.

Eighth Ohio Regiment. Washington, July 2.—General Garretson, commanding the Second brigade, First division, at Camp Alger, Va., expects one regiment and a half of another regiment to leave for Cuba immediately, and that he has chosen the Eighth Ohio and half of the Sixth Illinois.

Moved Outside the Harbor. Port Said, July 2.—Admiral Camara's ships moved outside of the harbor in order to coal from their own colliers. The San Francisco has entered the canal.

It's a Law. Washington, July 2.—The president has signed the bankruptcy bill.

Dun's Weekly Review. New York, July 2.—R. G. Dun & Company's weekly review of trade says: The second quarter of the year closes with most encouraging returns. Failures have been a little larger than in the first quarter of the year, whereas a decrease of 6.2 per cent. might have been expected from experience of the past ten years, but with that allowance a difference of only \$3,500,000 can be charged to war and fears of war, whereas solvent payments through clearing houses for the quarter were over \$15,600,000,000. Failures for the week have been 254 in the United States, against 241 last year and 15 in Canada against 30 last year.

Settling Joe's Losses. Chicago, July 2.—Levi Z. Leiter has completed negotiations with the Northwestern Mutual Life Insurance company for a loan of \$3,000,000 for ten years at 4 per cent. Mr. Leiter informed the agents of the Northwestern that he probably would require further advances of about \$3,500,000 or \$4,000,000. This is to settle Joe's losses. E. L. Harper of Cincinnati was not so fortunate as Joe.

A Veteran Takes His Life. Winchester, O., July 2.—Joseph Berry, a veteran, was found dead in his barn. An empty bottle bearing the label of chloroform was found beside the body and circumstances point to suicide. It is reported that Berry had worried over his oldest son having been accused of stealing a bicycle.

Public Debt Statement. Washington, July 2.—The monthly statement of the public debt shows that at the close of business Thursday the debt, less cash in the treasury, amounted to \$1,027,085,492, a decrease during the month of \$10,668,282. The interest bearing debt is \$784,647,470.

Serious Accident. Bucyrus, O., July 2.—Frank Lutz, while driving a fractious horse, was thrown against a wood pile and had several ribs broken. One of the fractured ribs punctured his lungs and he is in a critical condition.

No Reference to Reinforcements. Washington, July 2.—The navy department received a dispatch from Admiral Dewey, dated Cavite, June 27. He made no mention of reinforcements and said he had avoided committing this government to any policy and had left General Merritt free.

RHEA WILL RETIRE. The Famous Actress Will Not Star With James and Ward.

New York, July 2.—The stage has lost Mme. Rhea forever. The famous tragedienne says so herself in a letter which has just been received here.

Mme. Rhea sailed for Paris about six weeks ago, and the ocean voyage developed a malady of which she had been a victim for years. Three weeks ago she was removed from the apartments of a friend in the Grand hotel, Paris, to her chateau at Montmorency, France. Eminent physicians were summoned to her bedside, and they declared that her complaint was incurable.

"My doctors impose the utmost quietness and rest," says Mme. Rhea in her letter, "and absolutely forbid my even thinking of playing next season. In fact, I can say that I will never act again."

Rhea was to have starred in conjunction with Louis James and Frederick Warde for three years, beginning next September.

Rhea came to the United States in 1882 and has remained here ever since. Rhea's favorite role is Ophelia.

AN AFFLICTED FAMILY.

Shocking Accidents Nearly Extinguish the Flannery Family.

Philadelphia, July 2.—One life was lost and two persons are lying at the point of death as a result of a fire in the dwelling house of Patrick Flannery. The fire was started by the ignition of coal oil, with which Mrs. Flannery was bathing her arm to relieve rheumatic pain. The flames spread rapidly, and a child was burned to death before it could be rescued.

Flannery was probably fatally burned in attempting to rescue other members of the family. During the progress of the fire Mrs. Flannery disappeared. It was thought she, too, had been burned to death. Later, however, she was found lying in the street near the house.

The woman had become crazed by the loss of her child, and while wandering through the streets was struck by a trolley car and is also thought to be fatally injured.

President's Assistant Secretary.

Washington, July 2.—President McKinley appointed George Bruce Cortelyou of New York assistant secretary to the president, to fill the additional position of that grade recently created by congress. For nearly three years Mr. Cortelyou has been the chief executive clerk to the president. He was born in New York city July 26, 1862, and belongs to one of its oldest families, who played a conspicuous part in the colonial and revolutionary history of the country.

A Mysterious Assault.

Chicago, July 2.—John J. Finnegan, president of the American Federation of Steam Engineers, is at the county hospital with a fractured skull, the result of an attack upon him by some men supposed to be members of the Stonecutters' Union. He may not recover. Finnegan was unconscious on the third floor of 183 Washington street, and it is thought he had been hurled down stairs from the floor above.

Japan's New Cabinet.

Tokyo, July 2.—The emperor has appointed the following cabinet as successors to Marquis Ito and his colleagues who resigned their portfolios: Count Okuma, premier and minister for foreign affairs; Count Itagaki, minister of the interior; Mr. M. Oishi, minister of agriculture and commerce; Mr. Y. Hayashi, minister of communications; Mr. G. Ohgashi, minister of justice; Mr. Y. Ozaki, minister of education.

Cadets at Large.

Washington, July 2.—The president has made the following appointments of cadets-at-large at the United States Military academy: Ulysses S. Grant of New York city; Charles S. Hoyt of Washington, Grayson M. P. Murphy of Philadelphia, Charles F. Smith, son of Major Allen Smith of the First cavalry; Louis Turtle (alternate) Washington.

Tied Up by Liens.

San Francisco, July 2.—The Call has the schooner Laura Madsen, belonging to the Mutual Mining, Trading and Transportation company of Boston, which was to have sailed for St. Michaels on May 15 last, is still tied up here, owing to the fact that San Francisco merchants have liens on her amounting to \$17,000.

Wheat Threshed by Wind.

San Francisco, July 2.—A severe north wind has done considerable damage to grain and fruit in the Sacramento and San Joaquin valleys. The greatest loss will fall upon the growers of wheat. Some conservative farmers estimate that 40 per cent of the wheat has been threshed out by the storm in some localities.

FIRST DAY OF MONTH

Seems to Be America's Day For Decisive Battles.

NO DOUBT ABOUT RESULT.

Attack on Santiago Was Made Sooner Than Expected.

THIS SHOWS SHAFTER'S ENERGY

It Was the General Opinion in Washington That the Spanish Troops Would Retreat When the Battle Opened in All Its Fury.

Washington, July 2.—Just two months after the battle of Manila, and on the first day of the month, like that glorious engagement, began the first set battle of the war in this hemisphere.

The officials here are confident that they have done everything possible to strengthen Shafter's hands for the great conflict he is waging and they have an unlimited confidence in his discretion, his bravery and his energy.

The attack, several days before the public mind expected the battle, is a tribute to his energy as well as to his judgment, according to the present lights, for he undoubtedly found it necessary to crush the foe in detail, following Napoleon's favorite maxim, instead of allowing them to consolidate and outnumber him.

As the day wore along without bringing any news the anxiety increased and the question was in every one's mouth. "Why did he not report?" Adjutant General Corbin's response was brief but pointed: "He is fighting; not writing," and this was accepted as a likely and sound explanation.

Just before 4 o'clock came a brief dispatch from Playa del Este, the cable station near Santiago. But it was from an engineer officer to General Miles and made no reference to the progress of the battle, merely referring to certain necessary material and live stock.

On the whole this very absence of official news was regarded as rather a favorable indication, the reasoning being that the engagement was but a heavy skirmish and that our army was feeling the enemy to discover and strike at his weak spot. It was nearly 6 o'clock when the signal office received the welcome news that the enemy was retreating.

Brigadier General Stone was inclined to believe that after maintaining their stand during the day the Spaniards would retire during the night, leaving the city evacuated.

The military authorities here are fully considering the chances of such a retreat of the Spanish army from Santiago and are endeavoring so to shape events that General Shafter's force will not only take Santiago, but will capture the 12,000 Spaniards before they get away northward to effect a juncture with General Pando. Full information as to the possible lines of retreat has been placed at the disposal of the war department.

Priests Want War Continued.

Madrid, July 2.—Two cabinet councils were held. A revival of the war feeling is noticeable. The clerical organs publish violent articles against the advocates of peace, and the priests are preaching a war to the bitter end. The conservatives also declare against the idea of peace at the present moment.

Just One Stamp.

Washington, July 2.—The commissioner of internal revenue has held that a wharf receipt given to a shipper by their receiving department, in exchange for which a bill of lading is issued bearing a 1-cent stamp, does not also require a 1-cent stamp. The stamp on the bill of lading is regarded as meeting the requirements of the law. It is also held that the 2-cent stamp affixed to an export bill of lading and duly cancelled is all that is required under the new law.

Evansville, Ind., July 2.—Patrick Bartley, operating a coal mine at Chandler, has been arrested on the confession of W. L. Johnson, colored, who alleges that Bartley bribed him to set fire to a pithead at Hull & Lawrence's coal mine, but only paid him \$7.50 of the \$20 promised. Johnson was arrested in Warrick county.

The Squib Exploded.

Shelburn, Ind., July 2.—Dunn Montague, in attempting to dry a miner's squib in the Star City mine, caused it to explode, and a portion of it alighted in a keg half-filled with powder. Montague was seriously burned.

SUCH A FOURTH OF JULY

As the one just before us comes but once in a lifetime, and everybody in this glorious country of ours ought to have lots of fun while it is here. The BULLETIN boys mean to celebrate, as we always do on the Nation's natal day, consequently there will be no paper issued from this office Monday.

We have had more than two months of war, but when a man puts a two-cent stamp on every check he hereafter draws, it will serve as an illustration of the real cost of war.

No doubt the Fourth of July this year will witness the greatest display of fireworks in the history of this national holiday. Shafter at Santiago and Dewey at Manila may give the Spaniards an exhibition of their skill in pyrotechnic display.

They're Off to See the Sights.

Mr. George S. Rosser and Editor M. F. Marsh left yesterday to attend the meeting of the Kentucky Press Association, and join their editorial brethren on their annual outing.

The association held its business meeting at the Palace Hotel, Cincinnati, at noon yesterday. At 3:30 the members of the association, their families and guests were treated to a grand trolley ride and a visit to the Zoo, and in the evening they visited the various summer resorts. They left this morning at 4 a. m. for Toledo, where they take a boat for Detroit and Mackinac Island. They will have a recreation stop of eight hours in Detroit. The election of officers will be held on the steamer en route from Toledo to Detroit. The party will reach Mackinac Monday for breakfast. Before they return they will make a tour of the larger cities in Michigan, remaining two days at Detroit.

The Maysville delegation will return the last of the week.

An Important Capture.

For several months people in Cincinnati and especially the boarders at the Hamilton House, of that place, have been complaining of not receiving money and valuable papers sent in letters. Secret service men were put on the case, but they could do nothing, and the stealing went on as before. The thing that puzzled the postoffice department the most was the fact that when the letters arrived at their destination they were sealed as securely as when they were mailed, although money and papers were missing. William Byers and Leonard Thompson, two negro men, who were employed in the capacity of porters at the Hamilton House, have been arrested and are charged with the offense. It is believed that they opened the letters, took out the money and papers and sealed them again. The men were taken to Louisville and placed in jail. They deny having anything to do with the theft.

Dewey Day at the Fair Grounds.

There will be great times at the fair grounds on the Fourth. Dewey Day will be celebrated in fine style. The famous Tuxedo Ladies' Military Band and Orchestra will be present, and there will be other attractions galore, among others Mlle. Davella will make an ascension to the sky in her mammoth balloon, "Dewey," accompanied by her performing dog, "Pedro." Both will make a thrilling leap from the clouds sustained only by a slender cord attached to the smallest parachute ever used by an aeronaut—the most daring feat of modern times.

There will be a free-for-all trot,—first, \$25; second, \$15. Best two in three. Admission 25 cents. Horses, buggies and wagons free. Seats in the grand stand free. Come and celebrate the day with us. W. B. GRANT, Manager.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on J. James Wood, druggist, and get a trial bottle free. Regular size 50 cents and \$1. Every bottle guaranteed, or price refunded.

FLAG FUND.

Let's Do the Handsome Thing For Our Soldier Boys—News From Camp Corbin.

Maysville and Mason County should join heartily in the move to present their soldier boys with a handsome flag to carry with them to Cuba, Porto Rico or any other point to which they may be ordered. And the response ought to be prompt, as the colors should be presented before the company leaves Camp Corbin.

The necessary funds could be contributed by a comparatively few citizens, but those who have the matter in charge want as many of our citizens as possible to join in the move, and so suggested 25 cents as the limit of any single subscription.

Hand in your quarters or send them to the BULLETIN office and they will be reported and turned over to the committee. The following have contributed 25 cents each:

SOCIAL AND SOCIETY GOSSIP.

The fairy fete on the lawn of Mr. Charles Dobyns last evening was indeed a scene of enchantment. Flakey white cotton was lavishly used, the trees banked and festooned with it and strung with Chinese lanterns, presenting the effect of a snow grotto. The fairies with gauzy wings, flitted in and out amongst the immense crowd of guests, serving ices and other dainties. Altogether it was a most beautiful, enjoyable and successful entertainment. A casualty which might have been serious if such prompt assistance had not been rendered was the catching on fire of the throne—the Queen happily having abdicated—having sold her birthright for a mess of ice cream, and being occupied in consuming it. Some lords in waiting headed by Mr. Keith Adamson rushed to the rescue, stamping out the fire and saving the crown jewels. For the rest of the evening they presented the appearance of having been tarred and feathered, but were none the less the heroes of the hour.

Last Thursday evening, the palatial home of Mr. and Mrs. John L. Whitaker, on the hill, was the scene of a most brilliant social event. It marked the outgoing into society of his handsome and accomplished daughter Mayme, who has just lately graduated with highest honors from the Academy of Visitation. Never has she looked so well or acquitted herself more gracefully and shown such hospitality as on this occasion. Dancing was the one feature of the entertainment and the elegant lunch served at 12 o'clock was of the most elaborate and sumptuous kind. With delightful music and the

Another Tragedy.

A special says as the result of a fiercely-fought duel near Clifton, a little place six miles from Versailles, one man is dead and another is dying. Will Hawkins, aged twenty-six, and James T. Green, aged eighty-two, met in Hawkins' front yard, and, opening up an old grudge, began firing simultaneously. A bullet from Green's revolver struck Hawkins in the heart, killing him instantly. Before dropping Hawkins put a ball into Green's stomach, and he is dying from the wound. The fight was the result of an old difficulty between the men. Both men fired simultaneously, emptying their revolvers. Mrs. Hawkins was a witness of the battle, and barely escaped being killed by a bullet from Green's pistol.

THE C. and O. railroad company's officials in Cincinnati say that the appointment of a receiver under the circumstances set forth in yesterday's BULLETIN will not embarrass the road in the least in the transaction of its business. The case in point is the usual plan of procedure for prosecuting claims of this nature. The giving of bond will probably obviate any difficulty arising from the injunction.

The Royal is the highest grade baking powder known. Actual tests show it goes one-third further than any other brand.

THE four-year-old stepdaughter of William Chambers accidentally fell into the creek at Miller's springs and was drowned.

NO SERVICES at the Christian Church Sunday night, but an increased attendance expected at the morning service, 10:45, when the minister, Howard T. Cree, will preach.

LADIES interested in the building of the Washington Opera House will please meet at the Central Hotel parlors at 7 o'clock this evening, and assist the committee in selecting a design of a drop curtain.

MR. JAMES TANDY ELLIS, the famed poet of Kentucky, and Miss Harriet Bainbridge Richardson, the beautiful Kentucky girl who was first asked to christen the battleship Kentucky, were quietly married at Lexington Thursday morning at 8 o'clock.

At a meeting of the Lexington Clearinghouse Association a resolution was introduced requiring all banks to charge for the collection of drafts, notes, etc., at a fixed amount as per a schedule to be formed. The move is the result of the hardships worked upon the banks by the war tax and by the franchise tax law.

encouraging smile and ready assistance of the chaperones to pass away the evening most pleasantly we have never known a more charming entertainment.

Mrs. Will Stockton and Mrs. Jas. Barbour, with the hostess' beautiful sister, Mrs. Chas. Farnsworth, added much to the enjoyment of the evening with their never-tiring interest on the part of the guests.

Among those present were Misses Wormald, Pearce, Robinson, Rogers, Hall, Watson, Dobyns, Duke, Ficklin, Barkley, Darnall and Belle Watson, Mrs. Chas. Farnsworth, Mrs. Jas. Barbour and Mrs. Will Stockton, Messrs. Louis Shroufe, Tom Darnall, Will Wells, C. Marshall, A. Burgess, H. Wood, C. Burgess, R. Kirk, D. Moss, F. Barkley, H. Strode, C. Lilliston, R. Bissett and Frank Wormald.

THE Epworth League Social at the M. E. Church Friday evening was enjoyed by an exceptionally large attendance, considering the torrid state of the atmosphere. A delightful musical program was carried out, and delicious refreshments served. Mr. Harrop and his brother-in-law, Secretary Lamb, acting as hosts felt little to be wished for, as each guest felt himself the object of special attention.

Misses Flora Hunter and Jane Lee, of Washington; Sudie Bradford and Messrs. Will Bradford, of Aberdeen, and Richard Wells, of Helena, were the guests of Miss Mary Noyes Friday and attended the Fairy Queen's Jubilee. Miss Hunter will remain a few days longer.

Concerning Postage Stamps.

In answer to numerous inquiries on the subject the Commissioner of Internal Revenue has stated that postage stamps could not be used in place of revenue stamps except such as had been imprinted by the Government with the letters "I. R." If the ordinary postage stamps not so imprinted were used for internal revenue purposes the documents or articles to which they were applied would be regarded as unstamped and treated accordingly. Attention is also called to the fact that neither the imprinted stamps nor the new revenue stamps can be used in payment of postage.

THE Prison Commissioners at Frankfort have elected Colonel Eph Lillard, of Jessamine County, Warden of the Frankfort penitentiary. Colonel Garvis Stone, of Spencer County, was elected Clerk. Henry Smith, of Bowling Green, was made Warden at Eddyville. The other officers will not be elected for several days yet. The commissioners announced officially that the applications of all members of the Legislature for places will be turned down, as they are held to be ineligible.

MR. JOSEPH W. DOWNING, of near Washington, had the misfortune to have his hand badly injured in a binder Thursday morning.

CHARLES F. COOK, of Wedonia, had quite a new sort of stock sale on the street at Flemingsburg Monday afternoon. He had an auctioneer to sell for him five St. Bernard dog puppies to the highest bidders. They brought a dollar apiece.

THE hot weather, pleasant boat rides, ice cream festivals and flag benefits—in fact entertainments and amusements of all kinds were the attractions in various parts of this city last night, but for all that the attendance at Fremont Park was good and the people well pleased. Fremont Park always has a good attendance. And you can always find something new and novel. Five new people next week.

A strong program has been arranged for to-morrow at the Y. M. C. A. men's rally at 4 p. m. Rev. J. W. Porter, who is a graduate of theological schools, and is thoroughly acquainted with men, will deliver an address. Subject, "Keep Thyself Pure." Every man should hear this stirring address. Mr. Allan D. Cole leads the meeting and singing. Miss Minnie Roser will sing a solo. Hearty singing. Lemonade will be served during its progress.

ABERDEEN Gretna Green: "Geore Turnipseed passed through town last week on his way to Peebles, O., to visit his father. George was a former resident of Aberdeen and moved to Maysville with his folks from here ten years ago. He is now at Orangeburg where he has been located the past five years, teaching school, and is rated as a number one educator, holding a first-class certificate. His school is one of the most prosperous of Mason County, and George is well liked by pupils and patrons."

A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back and weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to liver and kidneys, is a blood purifier and nerve tonic. It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c. a bottle at J. Jas. Wood's drug store.

NOTICE.

I have this day associated with me in the Drug business my son James B. Wood. The firm of J. Jas. Wood & Son will continue all of the various branches of its business at the old stand, corner of Second and Market streets, Maysville, Ky. I request all persons having claims against me to present them for payment, and that all who owe me to promptly call and settle.

I very sincerely thank the public for the liberal patronage I have received, with the assurance the new firm will endeavor to merit the same in the future.

ANOTHER SADDENED HOME.

Unexpected Death of Mr. Robert Bissett at the Hour of Twelve Last Evening.

The public was shocked this morning to learn that Mr. Robert Bissett had died suddenly at 12 o'clock last night. He had been sick a week, but it was not thought his illness was of a dangerous character, and his family were unprepared for his death.

Deceased was about sixty-five years of age and was born in Philadelphia, though most of his life has been spent in Maysville, where he has for many years been engaged in the plumbing business.

Mr. Bissett's life was a very useful one, and he was greatly esteemed by all who knew him. It can safely be said that Robert Bissett was every man's friend, and he will be sadly missed by the entire community.

His wife, a son and daughter survive him—Mrs. Albert Greenwood, of Chattanooga, and Robert, Jr., of this city.

The funeral arrangements have not yet been made, the grief-stricken wife and son having given little thought to that sad duty as yet.

THERE is always an entertaining vaudeville program presented at Electric Park. The offerings for next week are Wiles and Adams, in their new and up-to-date sketch, replete with the newest songs and sayings. Mr. Wiles is possessed with a baritone voice of wonderful range and clearness. Armstrong and Porter in a new sketch, and those same people, Seeker, Wilkes and Rastus.

A LETTER FROM SARGEANT COX.

CAMP CORBIN, July 1, 1898.

Dear Friend: We arrived all o. k. at 11 a. m. yesterday, a little worn and weary, but not a single murmur of complaint has been heard from our boys. Arrangements had not been completed for our reception and as a result we fasted till 4 p. m., at which hour we feasted sumptuously on bread, meat and coffee. Say, "hash browns" would have been "par excellence" yesterday about noon.

After a good night's rest we breakfasted at 6 a. m. this morning on bread, pork, boiled potatoes and coffee. We were all extremely hungry, and though humble the fare, I am satisfied the luxuries of a Roman banquet could not have been

CAPTAIN JOHN SWEENEY, of Louisville, for twenty-seven years a member of the fire department, died Wednesday evening. The cause of his death was heart disease, but it was more remotely due to burns from an electric wire received while working on a fire three years ago.

He says this is the finest company to report, and we have received compliments of a similar character by the score. Greenup has not yet reported. We will have very little drilling before next week. All are in the very best of health and spirits and send best regards. Yours, &c., BEN T. COX, Acting Orderly Sergeant.

A SOLDIER (?) RETURNS.

One of the Braves Who Left With Our Boys Couldn't Stand the Bill of Fare and Came Home.

William Wells, of the county, one of the recruits who went from this place to Lexington to join the Fourth Regiment, came in on the L. and N. last evening, his first taste of a soldier's life having proved quite sufficient. He brings contradictory tales of the hardships and sufferings the boys have been enduring at the camp since their arrival there, and says he has had but one square meal since he left Maysville, and then the fare was not of even good quality. He says that several of the others have become dissatisfied, and were to leave yesterday. They have not been mustered in yet, and probably will not be until Monday. Some think things are not so bad as William paints them, and that he got homesick and came back while times were good. A letter published elsewhere from Mr. Ben Cox gives a different color to the story, and we hope the lads are faring as well as Sergeant Cox represents.

TO ESCAPE THE TAX.

An Idea of the Immense Government Revenue to Be Derived From This Source.

Including deeds, mortgages, releases, and the like, a total of ninety-six instruments were filed in the County Clerk's office at Louisville Thursday for record. This deluge was occasioned by the desire to escape the stamp tax which became effective on July 1. With the transfers aggregating \$210,253 and the mortgages \$47,485, had the filing of these been delayed until next day, the revenue on them for the government on the stamps used would have been something over \$250, being at the average rate of \$1 on the thousand.

Only a few days ago two transfers, one of \$60,000 and one of \$30,000 were recorded, which alone would have been nearly \$100, showing the immense revenue that is to be derived from this source when all of the cities and counties in the United States are considered.

Lunatic For a Bride.

Miss Amanda J. Kelly and David Hopper eloped to Richmond from Valley View and were married the other day. Miss Kelly has been of unsound mind for ten years, and part of the time has been confined in the asylum. About three weeks ago she was thought to be sane and came home. Recently she showed signs of her former lunacy, and her mother and brother-in-law decided to return her to the asylum. They started with her in a spring wagon, and when three miles from home she sprang from the wagon and made for home. She was followed by her mother, who found her at their residence. Mrs. Kelly went at once for a son who resided about two miles distant to come and assist in taking her daughter away. While Mrs. Kelly was gone Miss Kelly and a farm hand, who had been at work for Mrs. Kelly's son-in-law, eloped and were married. It is reported that Mrs. Kelly will try and have the marriage annulled.

Notice to Shippers.

Commencing July 1st each bill of lading or receipt for freight issued must bear an internal revenue stamp of 1 cent. The transportation companies will furnish one stamp for each original bill of lading or receipt. Should shippers want duplicate or triplicate bills, stamps must be furnished and cancelled by them, otherwise they cannot be issued.

The old man who looks out at the world with clear and healthy eyes cannot help feeling great gratification at the thought that his children have inherited from him no weakness nor tendency to disease. The healthy old man is the man who has throughout his life kept his digestion good and his blood pure. Not one in a thousand does do it. Germs go through the healthy body without effect. Let them once find lodgment or let them find a weak spot, they will develop by the million and the blood will be full of them. Instead of giving strength to the tissues, it will force upon them innutritious matter, and the man will lose flesh and the more susceptible he is to disease. Dr. Pierce's Golden Medical Discovery is the only medicine that absolutely and infallibly cures all blood diseases, and almost all diseases are blood diseases. It isn't a medicine for some one particular so-called disease. It is a medicine for the whole body. It forces out all the germs of disease, and replaces impurities with rich, red blood.
